

On behalf of the Edmonton Dental Assistants Association, I verify that the individuals listed on the following pages who have signed out on our attendance sheets did in fact attend the professional development sessions as indicated on the announcement below.

Dianne Hennig SSS&J RDA MFR
EDAA Executive Director

**EDAA DENTAL TEAM CONFERENCE
FEBRUARY 6, 2016
8:00 AM – 4:00 PM**

8:15 am PERIODONTITIS AND ETHNICITY

Presenter Dr. Saljae Aurora—BSc DDS MSc Dip Periodontics FRCD(C)

Periodontitis continues to be one of the most prevalent diseases in the world. Our patients want to keep their teeth in a state of comfort and function for their entire lives, therefore a lifetime of oral health requires early diagnosis and management of periodontitis. New research has pointed to ethnicity as one risk factor identifying those at risk for developing periodontal disease. This presentation will review this disease from a development and diagnostic perspective and identify different risk factors contributing to periodontitis. This knowledge will help us to confidently communicate with our patients about the potential risks and what they can do to reduce that risk.

CCP Links incl A-1-3 A-9-5 C-2-3 C-7-4 E-1-1 E-1-7 J-1-7 K-1-9 or 1 CE credit hour

9:30 am DENTISTRY AND ACUPUNCTURE

Presenter Dr. Vincentia Aung—BSc DDS

Dr. Aung's practice is heavily influenced by her childhood experiences with traditional Chinese medicine and she has chosen to incorporate many of those teachings and philosophies, such as acupuncture, into her dental practice. Dr. Aung believes in treating the whole person and not just one part. Beginning with a brief history of this ancient 2000 year old practice, this presentation will provide a different and unconventional approach to treating certain patients that present with issues such as dental fears, anxiety, TMJ problems and overall health issues.

CCP Links incl C-2-2 C-4-2 C-4-3 or 1 CE credit hour

10:45 am EARLY SCREENING AND TREATMENT OF ORTHODONTIC PROBLEMS

Presenter Dr. Evelyn Diduch—BSc DDS MCID FRCD(C)

In this presentation Dr. Diduch will discuss the benefits of early orthodontic screening and the indications for early orthodontic treatment. A review of Angle's classifications of dental malocclusions and various dental problems that suggest early intervention will be covered. Reviewing the prevalence of orthodontic problems indicating early treatment will provide an understanding of when and how often interceptive orthodontics may be required. Cases displaying the implications of undiagnosed orthodontic problems will be reviewed.

CCP Links incl A-1-6 A-6-3 A-9-1 C-3-4 C-3-5 D-1 E-4 or 1 CE credit hour

1:15 pm CEREC VS LABORATORY PROCESSED RESTORATIONS

Presenter Dr. Arif Sumar - Prosthodontist

There are many variables to consider when discussing the type of restorations that will be suitable for your patient including where the tooth is located on the dental arch. Strength; longevity; esthetics; cost; preparation and completion time; expansion/contraction under heat and cold in the mouth; these are just some of the considerations that will need to be evaluated before a choice is made on which material and restorative treatment to use for each patient.

CCP Links incl C-7-5 E-3-1 G-1-4 or 1 CE credit hour

2:30 pm **PLAYING A LEADERSHIP ROLE ON POSITIVE PRODUCTIVE DENTAL TEAMS**

Presenter Brenda Robinson—BA MEd

One of our favorite speakers returns to talk with us about the key factors in successful communication and leadership. This presentation will help us to understand how to engage in conflict resolution for positive results and we will learn the 6 "P"s formula for leadership and teambuilding that we can apply in our practice. Leading a collaborative team requires building a framework of 5 key strategies to allow everyone to work together in the best interests of our patients. You do not want to miss this dynamic and insightful session that Brenda is sure to deliver!
