11:45 AM *“4 Step Response Plan: Privacy Breach Management”*

Privacy incidents happen! 60% of small and medium businesses go out of business within 6 months after a privacy or security breach. Patients, clients, employees and business partners trust you to keep their private and sensitive information confidential and secure. Properly managing a privacy breach is critical to the continued success of your practice. With Jean's guidance, you will learn the critical skills of planning for and responding to privacy incidents, handling them with confidence while mitigating the risks. Based on her new book, Prevent Privacy Breach Pain, Jean will guide us through the practical “4 Step Response Plan” to help you develop a privacy breach management response plan for your office. The objectives will be to: contain the breach; evaluate the risks; notify affected individuals and other stakeholders; and, prevent the breach from happening again.
