

EDAA Dental Assistants Week Celebrations

March 10, 2018

Chateau Nova Hotel Kingsway on 119 Street

SCHEDULE OF EVENTS

- 9:00 AM **March General Meeting with refreshments to follow**
- 9:45 AM **EDAA Table Clinic Competition 2018 — Sponsored by Johnson Insurance**
- 10:30 AM **“Maintaining Your Work Life Balance”**
Presented by Jennifer Pollard, BHSc CTE—Prevention Consultant AHS

How does maintaining a sense of positive mental health help enhance our ability to enjoy life and deal with challenges we may face? Jennifer has been a member of the Professional and Community Capacity Building team in Alberta Health Services since 2008, working within the Edmonton Zone. Within that role she provides training and support to community groups, organizations and professionals from a variety of settings to increase their capacity to best support their clients and themselves in the areas of mental health, tobacco reduction, preventing harmful alcohol and substance use and harm reduction. In this presentation, Jennifer will help us to become more familiar with approaches that enhance our sense of positive mental health and foster mental and emotional wellness both in our personal life and in our work.

- 11:30 AM **Stretch Break**
- 11:45 AM **“An Introduction to Medical Cannabis for Dental Professionals”**
Presented by Nick Flood, BA Criminology MCP and Chantal Lacroix

In Canada, July 1, 2018 marks the day that sales of recreational Cannabis become legal for adults in our country. However, in Canada medical cannabis has been prescribed for some time now to patients who are good candidates for use of this treatment. Nick Flood is a Medical Outreach Educator with Canadian Cannabis Clinics. He specializes in educating medical professionals, patients and the general public about medical cannabis – its uses, strains and licensed producers available in Canada. This presentation will include topics such as: the difference between THC and CBD cannabinoids; what ailments cannabis is commonly used to treat; current law with respect to medical cannabis; and delivery methods for cannabis treatment. Nick will also have demonstration materials available for you to view.

CCP Links incl: A-4 C-4-5 F-3-9 G-1-7

- 12:45 PM **EDAA Awards Luncheon Buffet**

RDA’s can complete more than 2 Learning Objectives during this 2.5 CE credit hours event.

Attendance is limited to the first 128 registrations and the registration fee is all inclusive.

Arlene Pettifer and her committee have planned a wonderful day of education and celebration for you. Bring your spouse, friend, relative, colleagues or significant other for a day of interesting speakers, a wonderful luncheon and lots of fabulous door prizes. This is a great educational and social opportunity for your entire dental team! We will also take this time to celebrate excellence in our profession and our local association with a number of EDAA Award presentations.

Be proud of your chosen profession. Let your patients know about the vital role that you play in their dental experience and remember—we do make a difference!

Register early and come join the fun!

Dental Assistants Week is March 4-10, 2018

Contributing to quality dental care, today's Dental Assistants are role models of professional development.

or email to edaa@interbaun.com

NO REFUNDS

Registration deadline is March 2, 2018

Any registrations postmarked after this date will not be processed

EDAA TABLE CLINIC COMPETITION 2018

JOHNSON  Sponsored this year by Johnson Insurance **JOHNSON** 

Each year the EDAA holds a Table Clinic Competition during our DAW event to allow members to educate their colleagues in areas of interest in the dental field and compete for the EDAA Clinic Award.

Choosing a topic of relevance is easy because you are a trained professional with unique experiences, skills, knowledge and talents. We encourage you to share those with us.

Once you have selected your topic you can begin to prepare your 6-8 minute presentation using notes, power point, demonstrations or visual props to illustrate your information. Judging will be based on 4 areas: relevance and accuracy of information; personal dynamics; and, total effect. Points are deducted for time over or under.

All competitors will receive a medallion in appreciation for their participation in presenting a Table Clinic. The winner will receive an engraved award and CCP Learning Objective credits plus a cheque for \$100. Both are sponsored this year by Johnson Insurance. The winners name will be engraved on our Annual Clinic Trophy. Members are encouraged to contact our Education Director Kimberly Free for details on presenting a 6-8 minute Table Clinic.

Information brochures are available on our website at www.edaa.ab.ca
