You will also be required to read, complete, sign and return the **Code of Conduct and Statement of Understanding for the Employment Registry Services** to ensure that all members accessing these services are aware of the policies that pertain to them. You will not be required to provide it each time you access the services once we have this on file.

DO NOT SEND US RESUMES! Employers will contact you for these. Members on the Registry must update their status and information on a monthly basis and inform us as soon as they have accepted a job. This enables us to provide employers with an up to date accurate listing of members looking for work.
